

## 22.5mm Ultra-thin Products

Open a new horizon

- Ultra-thin Small Pitch  
LED Screen

- ◆ Product specifications
- ◆ 22.5mm Ultra-thin products
- ◆ Perfect visual effect/specification serialization
- ◆ Power signal double backup
- ◆ Bracket installation & wall installation
- ◆ Product packaging

Product specifications				
Product specifications	P0.9375	P1.25	P1.5625	P1.875
Module size	300mm*168.75mm			
Module resolution	320*180	240*135	192*108	160*90
Cabinet resolution	640*360	480*270	384*216	320*180
Cabinet	600mm*337.5mm			
Maintenance	Front-maintenance			
Grayscale	14-16bit+			
Circuit scheme	Common cathode circuit	Common anode circuit		
Driver Mode	Constant current drive			
Brightness	300-800nit			
Refresh rate	3840Hz			
Viewing angle	Horizontal 160° / Vertical 140°			
Power requirements	Wide voltage AC 100-240V Ultra-thin PFC power supply			
Compatible function	Redundant backup of power supply/receiving card			
Maximum power consumption (per cabinet)	<120w			
Average power consumption (per cabinet)	<40w			
Certification	CCC,ISO9001,FCC,CE,ROSH			

## 22.5mm Ultra-thin products

Small space, high value

## ● Product Features

**JYLED**

### Perfect visual effect

High refresh, high grayscale, high contrast

### Product serialization

Multi-pitch compatibility:0.9375/1.25/1.5625/1.875

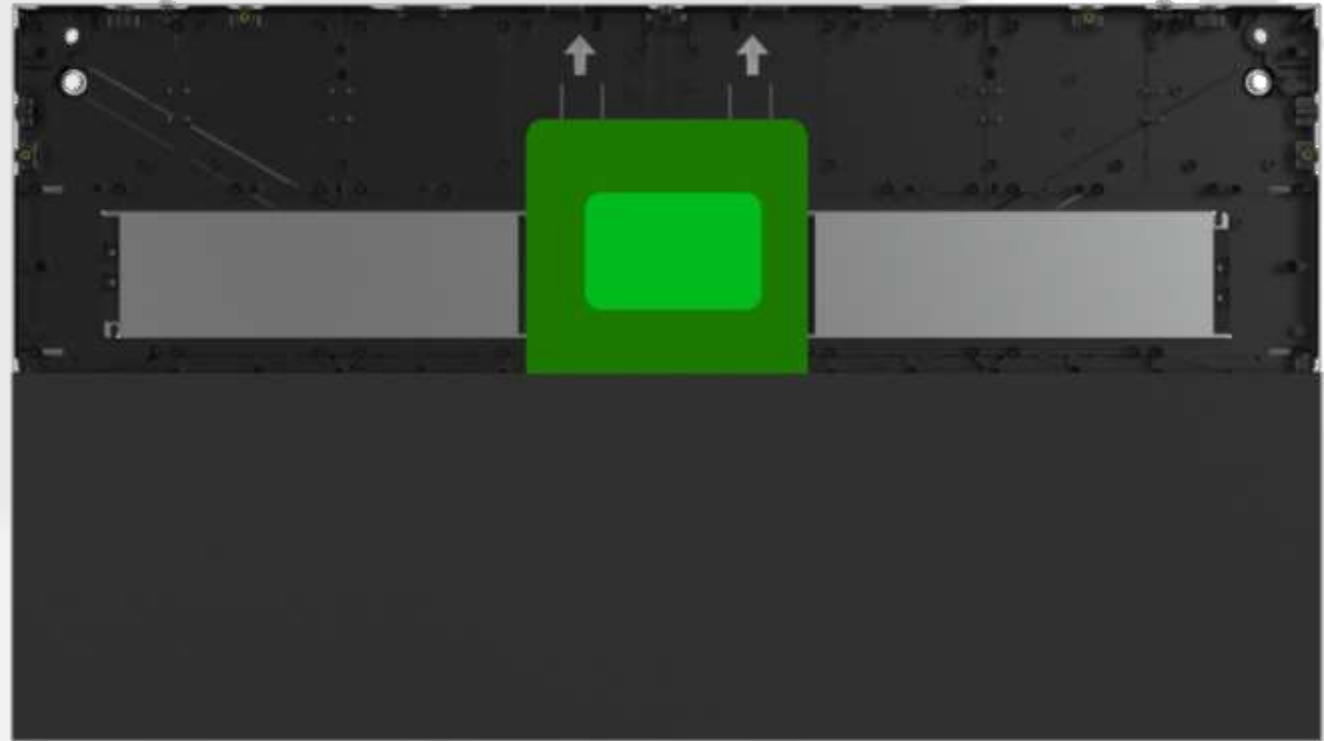

## ● Product Features

**JYLED**

Power signal double backup

Safe and stable

Adapt to various occasions

- Bracket installation & wall installation

Bracket installation

Wall installation

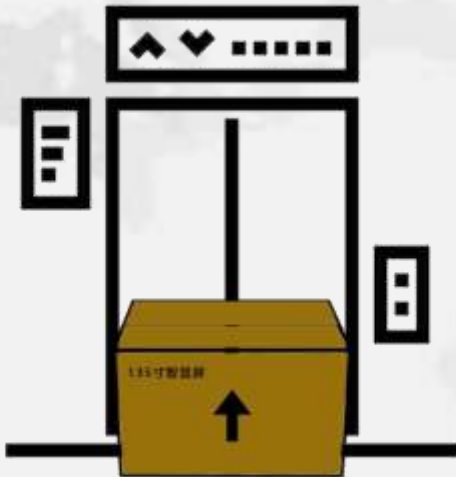

- Product packaging

Elevator-accessible packaging

Elevator width: 2.2m

Maximum packaging length: 2.1m

108' / 135' / 162' / 216' packaging			
Items	Material	L*W*H (mm)	Package Including
Module packaging	Carton	700*440*355	32 modules/cts
Cabinet packaging	Carton	680*200*420	2 cabinets/cts
135'and 162' Bracket packaging	Wooden case	2150*800*500	Bracket + integrated box + back strip
108' Bracket packaging	Wooden case	1950*800*500	Bracket + integrated box + back strip

216' Product without bracket packaging

## ● About us

Capacity: monthly patch capacity of lamp beads over 1000KK.

Factory area: The plant area is more than 5,000 square meters, and there are nearly 100 employees. The screen area can be aging more than 600 square meters at the same time

Production line: At present, the company has six automatic production equipment lines for SMT placement machines and modern electronic production assembly lines.

Equipment: 4 sets of Yamaha placement machines, 12 sets of placement machines such as Panasonic and Samsung, and matching automatic solder paste detector, two sets of first-line brand reflow soldering
